

BUSINESS CONFIDENCE SURVEY NOVEMBER 2022

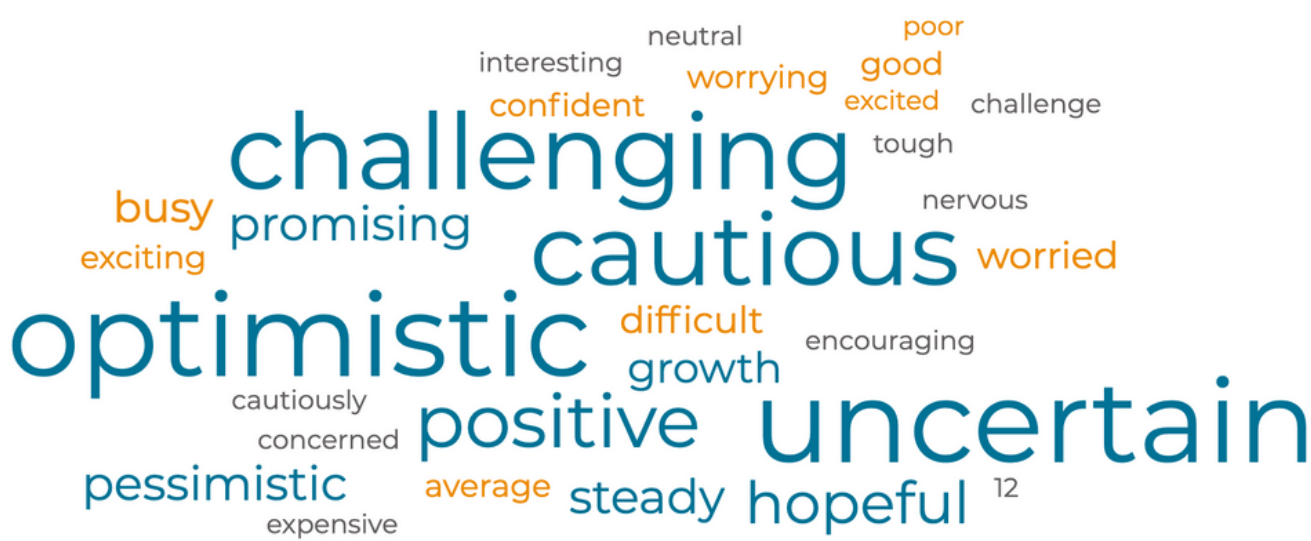

We asked businesses from across the UK to tell us how they have fared over the past 12-months and to share their outlook for the next 12-months. We asked the same questions last year. The results are below.

How has your business fared over the past 12-months?

What does the future look like for your business?

What one word would you use to describe your outlook for the next 12 months?

What one word would you use to describe your biggest concern for the next 12 months?

Participants

270 businesses from across the UK participated in this survey during September and October 2022.
